OPERATING HOURS 1120 – 2150HRS

Large crowds & extremely heavy traffic is expected in and around surrounding streets and Centennial Park on event day.

A high number of patrons are expected to be attending the event so it's essential to plan your trip in advance and work out how you are getting to and from the Knotfest Sydney event.

With frequent trains, light rail services and a number of regular bus routes the best way to get to and from Centennial Parklands is via public transport.

Tickets to the Knotfest Sydney event at Centennial Parklands includes travel on trains, metro and light rail services - just show your ticket to transport staff when boarding.

Note an additional; train station access fee applies for travel to or from Domestic and International Airport Stations. The access fee is not covered by your event ticket travel entitlements.

Patrons arriving via ride share, and light rail will enter the park on foot through the Robertson Road Gate and will then make the journey through the parklands via Grand Drive to the event entry point located at the Parade Grounds.

LIGHT RAIL

The best and most efficient way to get to and from Centennial Park is via light rail.

The L2 Randwick and L3 Kingsford light rail services run between Circular Quay and Randwick and Circular Quay and Kingsford. Both lines travel via George Street, Central Station and along Devonshire Street in Surry Hills up to Moore Park.

L2 Randwick and L3 Kingsford Lines operate every 5 – 10 minutes on Saturdays from 7am to 1am the following morning.

Estimated service arrival times will be available on electronic information boards at stop platforms.

You can check a service times via the [Trip Planner](#) or [next departures](#).

The closest station to the event site is MOORE PARK Light Rail Station Stop ID 2021102. Patrons are then encouraged to make the short walk and enter the park via the Robertson Road Gate and onto the event entry gate at the Parade Grounds.

If you have limited mobility, you can travel on all light rail services.

Dedicated wheelchair waiting areas on each light rail platform are located adjacent to bench seats underneath canopies. They are identified using Tactile Ground Surface Indicators. These waiting areas are positioned to correspond to the accessible seating sections inside the trams.

As all light rail stops have level access, there is no requirement for a wheelchair ramp to board or depart from the tram.

Check the accessibility facilities at the light rail stop locations and read through the tips for planning an accessible trip.

There are four dedicated priority seating areas for wheelchairs, which include a blue push button with an accessible symbol on the button. When pushed, the button requests the attention of the driver to give you more time to alight for exiting if needed.

BUS

Several regular bus routes make stops along Oxford St near the Park gates including routes 320, 339, 352, 422, 423X, 461X and 480.
